GROWN-UP GUIDE

These story mazes are designed for young children who are beginning to follow paths, make choices, solve simple problems, and control a crayon or pencil.

HOW TO USE

1. Start with Level 1.
2. Let the child explore the maze with a finger first.
3. Try the maze again with a crayon or pencil.
4. Move to the next level when the child feels comfortable.

MAKE IT EASIER

- Trace the path together.
- Try a thicker crayon or marker.
- Let the child point to possible routes first.
- Take a break if the activity becomes frustrating.

SAFETY

Adult supervision is recommended when needed. Use age-appropriate crayons, pencils, or markers. Keep the activity comfortable, and take a break if the child becomes frustrated.
