

Letter C Worksheets for Preschool

Find • Trace • Hear • Use

Grown-Up Guide + Safety

A flexible way to use this pack.

Use one page at a time. A few minutes count.

WHO & WHAT

For ages about 3–5. Practice noticing C/c, keeping C open, making its curve, and hearing /k/ in familiar words.

START HERE

Try page 4 first. If C is new, use pages 4–6 before tracing. You can stop after any page.

MAKE IT EASIER

Offer two choices at once. Say picture names aloud. Model one answer, then let your child point or circle.

TIME & TOOLS

Try 5–10 minutes, or less if attention fades. Optional: crayons, pencil, marker, or dot marker. No scissors or glue.

PARTICIPATION COUNTS

Pointing, circling, finger tracing, or saying a word all count. A neat pencil letter is never required.

SIMPLE SAFETY

Use age-appropriate drawing materials and follow product labels. Adult supervision is recommended. Keep caps and small items away from mouths. Pause if tired.

Printing Guide + Copyright

PICK AN EDITION

Color uses small accents and full-color pictures. Ink Saver uses outline pictures, white space, and dark task marks.

HOME PRINTER NOTE

Try page 5 and page 11 first. If lines look faint, choose a normal-quality print setting. Black-and-white works.
